

106 NeutroFoam Pro

Active foam pH-neutral

- ▲ Very high foam volume which remains stable for a long time when used in foam devices
- ▲ Dissolves common dirt from vehicles
- ▲ Effectively removes dissolved dirt from the vehicle surface
- ▲ Offers exceptional protection of the vehicle, and thus is also suited to manual washing
- ▲ Creates a pleasant atmosphere with a subtle aroma
- ▲ Highly economical thanks to the very strong product concentration
- ▲ Free from EDTA, NTA and phosphates

Application

Product is suitable for pre-dilution

Apply either undiluted or prediluted to the application with a suitable dosing device. The shelf life of diluted solutions is reduced by the storage conditions and water quality.

Foam:

In automatic car washes as active foam (7–15 ml/car).
 In automatic car washes as foam curtain (e.g. lava foam) (15–30 ml/car).
 In self-service jet washes as brush foam (10–20 ml/min).
 The dosage should be set so that the desired amount of foam is ensured.

Manual vehicle wash:

using a sponge or cloth with a bucket (1:750-1:1500).
 Mix and stir the solution well in a container.

Note

Always keep containers closed and guide suction tubes through the closure. A change in colour and clouding may occur without any loss in quality due to the natural raw materials. No liability is accepted in case of incorrect and unprofessional use! Not a consumer product according to 1999/44/EC Art. 1! For professional use only!

Ingredients (according to 648/2004/EC)

Anionic surfactants 15–30%, water-soluble solvents, additives, corrosion protection, fragrances, dyes, preservatives (2-Bromo-2-Nitropropane-1,3-diol).
 pH value (concentrate): approx. 8
