

135 KIMAX Aciwash

Acidic brush shampoo and car wash maintenance cleaner

- ▲ Dissolves common dirt from vehicles and washing equipment
- ▲ Effectively removes dissolved dirt from the vehicle surface
- ▲ Excellent removal of mineral dirt, such as cement, limescale, rust etc
- ▲ Prevents calcification of the washing equipment (brushes, textiles) when used as a brush shampoo
- ▲ Removes mild calcification of washing equipment, washing facilities, washing halls and washing bays as part of routine cleaning
- ▲ Ensures optimum recycling water qualities and high rates of water recycling
- ▲ Reduces the sludge volume in sedimentation tanks as it supports the sedimentation of pollutants
- ▲ Neutraliser for highly alkaline wash processes (e.g. "Express" conveyor systems)
- ▲ Aids the drying process and thus supports fast washing processes
- ▲ Environmentally aware and gentle composition
- ▲ Highly economical thanks to the very strong product concentration
- ▲ Free from EDTA, NTA and phosphates

Application

Product is suitable for pre-dilution

Apply either undiluted or prediluted to the application with a suitable dosing device. The shelf life of diluted solutions is reduced by the storage conditions and water quality.

Shampoo:

In automatic car washes as brush shampoo (5–13 ml/car; 30–100 ml/truck; 5–10 ml/m vehicle length).

Washing equipment cleaner:

In low-pressure systems as routine cleaning (1:3-1:10).

Washing bay cleaner:

In low-pressure systems as routine cleaning (1:1-1:10).

Note

Always keep containers closed and guide suction tubes through the closure. A change in colour and clouding may occur without any loss in quality due to the natural raw materials. No liability is accepted in case of incorrect and unprofessional use! Not a consumer product according to 1999/44/EC Art. 1! For professional use only!

Ingredients (according to 648/2004/EC)

Nonionic surfactants 5–15%, amphoteric surfactants < 5%, organic acids, water-soluble solvents, corrosion protection, fragrances (Linalool, Limonene).
pH value (concentrate): < 0,5
