

# 172 Poudronet

## Cleaning powder for powder-dosing equipment

- ▲ Very high cleaning performance when faced with road dirt, insects, organic contaminants and brake abrasion
- ▲ Very good at dissolving statically adhesive dirt
- ▲ High foam potential and suitable for foam brush as a result
- ▲ Creates a pleasantly fragrant atmosphere at the washing bay
- ▲ Offers a very good protection of the vehicle and car wash equipment
- ▲ Outstanding solubility and consistent pourability thanks to the optimised particle size distribution
- ▲ Environmentally aware and gentle composition
- ▲ Very economical thanks to the effective combination of active ingredients
- ▲ Free from EDTA and NTA

### Application

To avoid blockages, fill the container with the amount required for the washing volume and do not overfill. Add to the water container via a powder dosing device.

### Pre- and intensive cleaner:

In self-service jet washes as high-pressure application (10–20 g/min; 0.1–0.4 %; 1:250–1000).

The amount of product required depends on the amount of water used. Adjust the dosage to suit the desired amount of foam and cleaning requirements.

### Note

Store the product in a dry place and ensure it is properly sealed. Uneven distribution of coloured components possible without a loss of quality. In case of high water temperatures (> 40 °C) and/or water hardness (> 4.5 mmol/L ≈ 25 °dH), adding “316 Calciel” may be sensible to avoid the formation of limescale. Apply extensively to saturate the surface. Do not allow the cleaning solution to dry. The plant manufacturer’s instructions must be adhered to. No liability is accepted in case of incorrect and unprofessional use! Not a consumer product according to 1999/44/EC Art. 1! For professional use only!

### Ingredients (according to 648/2004/EC)

Nonionic surfactants 5–15%, anionic surfactants < 5%, phosphates > 30%, alkalis, additives, fragrances.  
pH (1:100): 10.5

### Classification

Classification (in concentrate): GHS07, Warning. H319 Causes serious eye irritation. P260 Do not breathe dust/spray. P280 Wear eye protection. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
