- ▲ Suitable for use in wall dispensers

Area of application

For hygienic hand washing in case of greasy and protein-based stains. Ideal for use in the food and health care sector.

Application

Hand washing:

Recommended dosage

Test method	Dosage	Contact time
VAH (German Association for Applied Hygiene) - hygienic hand washing / EN 1499	undiluted	30 s
MRSA	undiluted	30 s
virucidal activity against enveloped viruses	undiluted	1 min

Put 5 ml of product on the hands and rub thoroughly for 30 s (virucidal activity against enveloped viruses 1 min). Then foam up hands with clear water and rinse thoroughly. Dry hands carefully with a disposable cloth. Do not use any other soap immediately before applying Opybac N. Consumption: 5.0 ml/application.

For detailed, printable hand washing instructions, please visit www.kiehl-group.com. We recommend products from the "marina KC" range to protect hands during and after work.
