Mould spot and colour stain remover

- ▲ Special product containing chlorine for treating stains on textiles
- ▲ Removes colour stains and mould spots from bleachable textiles
- ▲ Easy application in the immersion bath

Area of application

For the removal and bleaching of coloured stains and mould spots from white laundry (cotton) and bleachable textiles. Check the textiles for suitability prior to use (e.g. observe laundry symbol for bleachable textiles).

Application

Please test on a small inconspicuous spot before first application.

Stain removal:

100–300 ml to 1 L of cold water.

Submerge the laundry for 10–30 minutes and allow the solution to take effect. Rinse the laundry with cold water then wash as normal. Do not allow the solution to dry onto the laundry.

Note

Kiehl accepts no liability or responsibility for damage caused as a result of incorrect use or application of the product. Not a consumer product according to 1999/44/EC Art. 1! For professional use only!

Ingredients (according to 648/2004/EC)

Chlorine-based bleaching agents 5–15%.
pH value (concentrate): approx. 12.5
