

according to UK REACH Regulation

Revision date: 12.12.2022

Product code: j4033_sd

Page 1 of 8

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Sanikal-eco

1.2. Relevant identified uses of the substance or mixture and uses advised against

A8-LIU 48/49 - KIZAD

Use of the substance/mixture

Product for professional cleaning and maintenance

1.3. Details of the supplier of	the safety data sheet		
Company name:	JOHANNES	KIEHL KG	
Street:	Robert-Bosch-Str	. 9	
Place:	D-85235 Odelzha	usen	
Telephone:	+49 8134 9305-0		Telefax: +49 8134 6466
E-mail:	info@kiehl-group.	com	
Contact person:	Laboratory depart	ment

1.4. Emergency telephone

KIEHL Middle East LLC

number:

+49/89/19240 (germanophone and anglophone) For Belgium: +32 70 245 245 (free, 24/7) or +32 2 264 96 30 (normal rate)

Tel. +971 2 550 33 96

Abu Dhabi, U.A.E.

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Not required.

2.2. Label elements

Additional advice on labelling

This mixture is classified as not hazardous according to regulation (EC) 1272/2008 [CLP].

2.3. Other hazards

None known.

SECTION 3: Composition/information on ingredients

3.2. Mixtures

Chemical characterization

according to 648/2004/CE: nonionic surfactants <5%, anionic surfactants <5%, maintenance substances, water-soluble solvents, additives, dyes, fragrances

according to UK REACH Regulation

Sanikal-eco

Revision date: 12.12.2022

Product code: j4033_sd

Page 2 of 8

Hazardous components

CAS No	Chemical name			Quantity
	EC No	Index No	REACH No	
	Classification (GB CLP Regulation)			
67-63-0	Isopropyl alcohol	_		1 - < 5 %
	200-661-7	603-117-00-0	01-2119457558-25	
	Flam. Liq. 2, Eye Irrit. 2, STOT SE	3; H225 H319 H336		
68891-38-3	Alcohols, C12-14, ethoxylated, sulfa	ated, sodium salts		1 - < 5 %
	500-234-8		01-2119488639-16	
	Skin Irrit. 2, Eye Dam. 1, Aquatic C	nronic 3; H315 H318 H412		

Full text of H and EUH statements: see section 16.

Specific Conc. Limits, M-factors and ATE

CAS No	EC No	Chemical name	Quantity
	Specific Conc. L	imits, M-factors and ATE	
68891-38-3	500-234-8	Alcohols, C12-14, ethoxylated, sulfated, sodium salts	1 - < 5 %
	Eye Dam. 1; H3	18: >= 10 - 100 Eye Irrit. 2; H319: >= 5 - < 10	

SECTION 4: First aid measures

4.1. Description of first aid measures

General information

No hazards which require special first aid measures.

After inhalation

not hazardous by inhalation

After contact with skin

Wash off with plenty of water.

After contact with eyes

Rinse thoroughly with plenty of water, also under the eyelids. If eye irritation persists, consult a specialist.

After ingestion

Clean mouth with water and drink afterwards plenty of water. Prevent vomiting if possible. Consult a physician if necessary.

4.2. Most important symptoms and effects, both acute and delayed

This information is not available.

4.3. Indication of any immediate medical attention and special treatment needed

Show this safety data sheet to the doctor in attendance.

SECTION 5: Firefighting measures

5.1. Extinguishing media

Suitable extinguishing media

Any extinguishing means and measures are acceptable.

5.2. Special hazards arising from the substance or mixture

This information is not available.

5.3. Advice for firefighters

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. The product itself does not burn.

SECTION 6: Accidental release measures

according to UK REACH Regulation

Sanikal-eco

Revision date: 12.12.2022

Product code: j4033_sd

Page 3 of 8

6.1. Personal precautions, protective equipment and emergency procedures

General advice

Not required

For non-emergency personnel

No special measures are necessary.

For emergency responders

No special measures are necessary.

6.2. Environmental precautions

Do not flush into surface water.

6.3. Methods and material for containment and cleaning up

For containment

Prevent spread over a wide area (e.g. by containment or oil barriers).

For cleaning up

Wipe up with absorbent material (e.g. cloth, fleece).

Clean contaminated articles and floor according to the environmental legislation.

Other information

Wipe up with absorbent material (e.g. cloth, fleece). After cleaning, flush away traces with water.

6.4. Reference to other sections

Refer to protective measures listed in sections 7 and 8.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Advice on safe handling

No special precautions required.

Advice on protection against fire and explosion No special protective measures against fire required.

Advice on general occupational hygiene

General industrial hygiene practice. No special protective equipment required.

7.2. Conditions for safe storage, including any incompatibilities

Requirements for storage rooms and vessels

Store at room temperature in the original container. Store in a place accessible by authorized persons only.

Further information on storage conditions

Keep container tightly closed.

Never return unused material to storage receptacle.

7.3. Specific end use(s)

This information is not available.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

Exposure limits (EH40)

CAS No	Substance	ppm	mg/m³	fibres/ml	Category	Origin
67-63-0	Propan-2-ol	400	999		TWA (8 h)	WEL
		500	1250		STEL (15 min)	WEL

Additional advice on limit values

If applied according to regulations, this will fall below the limit. There is no risk to health.

according to UK REACH Regulation

Revision date: 12.12.2022

Product code: j4033_sd

Page 4 of 8

8.2. Exposure controls

Appropriate engineering controls

Not required.

Individual protection measures, such as personal protective equipment

Skin protection

. Not required

Respiratory protection

Not required

Environmental exposure controls

Handle in accordance with good industrial hygiene and safety practice.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Physical state:	liquid	_	
Colour:	green		
Odour:	pleasant		T = = 4 = = = 4 = = 4
Molting point/froozing point:		<-8 °C	Test method
Melting point/freezing point: Boiling point or initial boiling point and		<-6 C >78 °C	
boiling range:			
Flammability:		not applicable	
Lower explosion limits:		not applicable	
Upper explosion limits:		not applicable	
Flash point:		>100 °C	
Auto-ignition temperature:		>300 °C	
Decomposition temperature:		not determined	
pH-Value (at 20 °C):		approx. 9,0	K-QP1012C
Viscosity / kinematic:		not determined	
Water solubility:		completely miscible	
(at 20 °C)			
Solubility in other solvents			
not determined			
Partition coefficient n-octanol/water: Vapour pressure:		not determined not determined	
Density (at 20 °C):			K-QP1012E
Relative vapour density:		not determined	
Particle characteristics:		not applicable	
9.2. Other information			
Information with regard to physical haz	zard classes		
Explosive properties			
not relevant			
Self-ignition temperature			
Solid:		not applicable	
Gas:		not applicable	
Oxidizing properties not relevant			
Other safety characteristics		not dotomoir od	
Evaporation rate: Solid content:		not determined not determined	
Sublimation point:		not applicable	

according to UK REACH Regulation

	Sanikal-eco	
Revision date: 12.12.2022	Product code: j4033_sd	Page 5 of 8
Softening point:	not applicable	
Pour point:	not applicable	
Viscosity / dynamic:	not determined	
Flow time:	not determined	

SECTION 10: Stability and reactivity

10.1. Reactivity

This information is not available.

10.2. Chemical stability

This information is not available.

10.3. Possibility of hazardous reactions

This information is not available.

10.4. Conditions to avoid

Do not expose to temperatures above 35 °C.

10.5. Incompatible materials

This information is not available.

10.6. Hazardous decomposition products

No decomposition if stored and applied as directed.

Further information

Do not mix with other detergents or chemicals.

SECTION 11: Toxicological information

11.1. Information on hazard classes as defined in GB CLP Regulation

Acute toxicity

Based on available data, the classification criteria are not met.

ATEmix calculated

ATE (oral) > 2000 mg/kg; ATE (dermal) > 2000 mg/kg; ATE (inhalation vapour) > 20 mg/l; ATE (inhalation dust/mist) > 5 mg/l

Irritation and corrosivity

Based on available data, the classification criteria are not met.

Sensitising effects

Based on available data, the classification criteria are not met.

Carcinogenic/mutagenic/toxic effects for reproduction

Based on available data, the classification criteria are not met.

STOT-single exposure

Based on available data, the classification criteria are not met.

STOT-repeated exposure

Based on available data, the classification criteria are not met.

Aspiration hazard

Based on available data, the classification criteria are not met.

11.2. Information on other hazards

Endocrine disrupting properties

This information is not available.

Further information

Health injuries are not known or expected under normal use.

SECTION 12: Ecological information

according to UK REACH Regulation

Sanikal-eco

Revision date: 12.12.2022

Product code: j4033_sd

Page 6 of 8

12.1. Toxicity

Based on available data, the classification criteria are not met.

12.2. Persistence and degradability

Contains no substances known to be hazardous to the environment or not degradable in waste water treatment plants. The surfactants in the product meet all requirements of the detergents regulation 648/2004/EC.

12.3. Bioaccumulative potential

This information is not available.

12.4. Mobility in soil

This information is not available.

12.5. Results of PBT and vPvB assessment

The substances in the mixture do not meet the PBT/vPvB criteria according to UK REACH.

12.6. Endocrine disrupting properties

This product does not contain a substance that has endocrine disrupting properties with respect to non-target organisms as no components meets the criteria.

12.7. Other adverse effects

This information is not available.

Further information

Chemical Oxygen Demand (COD) 250 mg O2/g.

SECTION 13: Disposal considerations

13.1. Waste treatment methods

Disposal recommendations

Container should be emptied thoroughly. Do not pour remains of product in large quantities into the sewage.

List of Wastes Code - residues/unused products

070699 WASTES FROM ORGANIC CHEMICAL PROCESSES; wastes from the MFSU of fats, grease, soaps, detergents, disinfectants and cosmetics; wastes not otherwise specified

List of Wastes Code - used product

070699 WASTES FROM ORGANIC CHEMICAL PROCESSES; wastes from the MFSU of fats, grease, soaps, detergents, disinfectants and cosmetics; wastes not otherwise specified

Contaminated packaging

Clean container with water. Return cleaned containers to the company for recycling. Offer rinsed packaging material to local recycling facilities.

SECTION 14: Transport information

Land transport (ADR/RID)

<u>14.1. UN number or ID number:</u>	not applicable
14.2. UN proper shipping name:	not applicable
14.3. Transport hazard class(es):	not applicable
14.4. Packing group:	not applicable
14.5. Environmental hazards	
ENVIRONMENTALLY HAZARDOUS:	No
14.6. Special precautions for user	
Not required	
14.7. Maritime transport in bulk according to	o IMO instruments
not applicable	
Other applicable information	

Not classified as dangerous in the meaning of transport regulations.

according to UK REACH Regulation

Sanikal-eco

Revision date: 12.12.2022

Product code: j4033_sd

Page 7 of 8

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

EU regulatory information

Restrictions on use (REACH, annex XVII): Entry 40, Entry 75

National regulatory information

Water hazard class (D):

1 - slightly hazardous to water

15.2. Chemical safety assessment

Chemical safety assessments for substances in this mixture were not carried out.

SECTION 16: Other information

Changes

This data sheet contains changes from the previous version in section(s): 3 / 6 / 7 / 8 / 12

according to UK REACH Regulation

Revision date: 12.12.2022

Product code: j4033_sd
